## **INTRODUCTION AND EXPLANATION OF CODES**

## INTRODUCTION

This report presents a variety of subcontract data collected from Department of Defense (DoD) large business firms that have received at least one award in excess of \$500,000 (\$1,000,000 for construction). Public Law 95-507 requires that these contractors establish a small business and small disadvantaged business subcontracting program and report to DoD quarterly, using Standard Form 295, on subcontract awards made to these types of firms.

Table II-1 shows the dollar amounts and percent distribution of awards from DoD contractors to large, small, and small disadvantaged businesses for the fiscal year (FY) 1994 and the FY 1993.

Table II-2 summarizes DoD subcontracting program commitments, while Tables II-3 and II-4 summarize small and small disadvantaged business subcontracting goals and achievements for the FY 1994.

Table II-5 summarizes DoD subcontracting program awards by the reporting organization's location, which may or may not be the place of performance. Only those locations for which data were reported are displayed. The U.S. Territory Total line contains the cumulative amounts for all the U.S. Territories (Puerto Rico, Guam, Virgin Islands, etc.) reported as one entity. During the current reporting period, three of the five reporting organizations are located in Puerto Rico and the other two are located in Guam.

Reports submitted by Ebasco Services Incorporated (ESI), Two World Trade Center, New York, NY, in the future will be submitted as Raytheon Engineers & Construction (RE&C), Ebasco Division and ENSERCH Environmental Company. RE&C purchased the energy business assets of ESI from ENSERCH Corporation and ENSERCH Corporation will continue operating the former ESI Environmental Division as ENSERCH Environmental Company.

Detailed information from the Army, Navy, Air Force, and Defense Logistics Agency (DLA) is presented in Part III, Sections 1 through 4. Commercial product information is presented in Part III, Section 5. The listings in Part III include all of the statistics on the Standard Form 295 submitted by each contractor and subcontractor.

Dollar amounts in the Summary tables, as well as the Detail tables, are given in thousands.
